

KAJUBI NORBERT

Electrical Technician

KAMPALA

norbertkskwid@gmail.com

+256 706 068907

I am a motivated and result oriented Electrical trades person with passion to work with a team. My goal is to build a career with a focus driven decision making.

The Electrical engineering field has groomed me into an ambitious, energetic and honest person with a strong work ethic.

From my work experiences, I have gained skills in various aspects of electrical systems infrastructure installation and maintenance. This with my continuous desire to learn makes me a dynamic individual capable of adapting to various working environments and roles.
